Career Objective

Motivated and detail-oriented **Junior DevOps Engineer** with a strong foundation in automation, CI/CD pipelines, Linux systems and cloud services. Eager to contribute in real-world environments, build production-ready workflows, and enhance deployment efficiency through modern DevOps methodologies.

Education

B.E Computer Science and Engineering

Adhiyamaan College of Engineering, Hosur

2023 – 2027

GPA: 8.0/10

Technical Skills

- **DevOps Tools:** Git, GitHub, GitLab CI, Jenkins, Docker, Kubernetes
- **Cloud Platforms:** AWS (EC2, S3, IAM, VPC), Azure basics
- **IAC & Automation:** Ansible, Terraform (beginner)
- **Linux & Scripting:** Ubuntu, CentOS, Bash, Shell scripting
- **Monitoring & Logging:** Prometheus, Grafana (beginner)
- **Version Control:** Git branching, pull/merge requests, repo workflows

Projects

CI/CD Pipeline for Web Application

2024

- Developed and automated a CI/CD pipeline using **Jenkins**, **Docker**, and **GitHub Actions**.
- Automated build, test, containerization and deployment to staging environment.
- Reduced deployment time by minimizing manual intervention and errors.

Containerized Node.js Application Deployment on AWS EC2

2023

- Containerized application with Docker and deployed to **AWS EC2**.
- Implemented security groups, IAM roles, and Docker runtime configuration.
- Built a lightweight deployment workflow for continuous updates.

(Add Your Own Project Here)

- Describe the objective, tools used, workflow and impact/results.

Internship / Experience

DevOps Intern — ABC Tech Solutions

2024

- Assisted DevOps team in maintaining CI/CD workflows and build automation.
- Automated repetitive maintenance tasks using Bash scripts.
- Configured Docker images and deployed services using containerization.

Certifications

- AWS Cloud Practitioner (Preparation/Completed)
- Docker for Beginners (Online Course)
- Linux Essentials for DevOps (Udemy/Coursera)

Personal Details

- **Languages:** English, Tamil
- **Location:** Tamil Nadu, India
- **Ready to Relocate/Remote:** Yes
